# About Conference

The two-day conference titled “Bharatiya Bhasha Pariwar” aims to bring together linguists, educators, researchers, and policy experts to deliberate on two scholarly volumes : **Bharatiya Bhasha Pariwar: A New Framework in Linguistics and Collected Studies on Bharatiya Bhasha Pariwar: Perspectives and Horizons.**

These works propose a paradigm shift in the study of Indian languages by moving beyond colonial linguistic classifications and highlighting the interconnectedness of India’s linguistic and cultural heritage. The conference will serve as an academic platform to examine the books’ ideas, methodologies, and implications for linguistics, education, translation, and digital innovation.

Participants will engage in focused sessions, panel discussions, and interactive reviews to critically evaluate the proposed framework of Bharatiya Bhasha Pariwar and its relevance for decolonising linguistic thought, promoting mother-tongue education, and strengthening India’s multilingual unity.

The focus will be on the preparation of review summaries and analytical reports on both volumes, highlighting key findings, research implications, and suggested directions for future study.
